WPAT Core Principles

Aims

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

1. Increase the extent to which disabled pupils can participate in the curriculum
2. Improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
3. Improve the availability of accessible information to disabled pupils

WPAT and all the staff at its schools aim to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind.

WPAT Core Principles are shown above.

The plan will be made available online on the Trust and schools websites, and paper copies are available upon request.

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The Trust has prepared this plan and supports its schools in the development and implementation of the plan.

We will also work with any agency to achieve the aims of the plan if it helps us adhere to our Core Principles.

Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, this procedure sets out the process for raising these concerns.

We have included a range of stakeholders in the development of this accessibility plan, including: pupils, parents, staff and governors of the school.

2. Legislation and guidance

This document meets the requirements of [schedule 10 of the Equality Act 2010](#) and the Department for Education (DfE) [guidance for schools on the Equality Act 2010](#).

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

Under the [Special Educational Needs and Disability \(SEND\) Code of Practice](#), 'long-term' is defined as 'a year or more' and 'substantial' is defined as 'more than minor or trivial'. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make 'reasonable adjustments' for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

This policy complies with our funding agreement and articles of association.

This Plan is informed by our Accessibility Audit and guided by WPAT Compliance Monitoring procedures.

3. Accessibility Action plan

This action plan sets out the aims of our accessibility plan in accordance with the Equality Act 2010.
